

Nucleus[®] 7 Sound Processor

Headband Supplement to User Guide

CP1000

Hear now. And always

This document is intended for Cochlear implant recipients and their carers who have the Cochlear™ Nucleus® 7 Sound Processor (model number: CP1000) with a Cochlear Nucleus 7 Headband.

It includes information about use and care of the headband.

NOTES

- For more information on using your sound processor, refer to your *Nucleus 7 Sound Processor User Guide*.
- Please also refer to your *Important Information* document for essential advice that applies to Cochlear implant systems.

Symbols used in this guide

NOTE

Important information or advice.

CAUTION (no harm)

Special care to be taken to ensure safety and effectiveness. Could cause damage to equipment.

Cochlear Nucleus 7 Headband

The Nucleus 7 Headband is a retention accessory designed to hold your sound processor in place.

The headband can hold a single processor or two processors.

The side with the red arrow is for the right ear. The blue arrow is for the left ear.

For details on how to attach your processor/s refer to the packaging insert supplied with the headband.

Measure head circumference to choose a size.

Size	Head circumference
XS	40–48 cm
S	45–53 cm

NOTE

- The headband may affect sound processor performance. If you notice any change, contact your clinician.
- It is recommended you remove the headband at least once daily, while sleeping. If worn continuously, the headband should not be worn without removal for more than 30 days.

Regular care

CAUTIONS

- Do not use cleaning agents or alcohol to clean your processor or accessories.
- Before cleaning your headband remove the processor.

If the headband is dirty:

- Wash in cold water (machine or hand wash)
- Do not bleach
- Do not tumble dry
- Iron on medium heat.

Warnings

For parents and carers

- Parents and carers are advised that unsupervised use of long cables (e.g. coil or accessory cables) or the headband may present a risk of strangulation.
- Carers must routinely check the device for signs of overheating and for signs of discomfort or skin irritation at the implant site. Remove the processor, coil and any cables immediately if there is any discomfort or pain (e.g. if device becomes hot, or sound is uncomfortably loud) and contact your clinician.

Materials

Headband materials

Fabric	83% polyester, 17% elastane
Thread	Polyester
