FEATURING THE NUCLEUS 6 SYSTEM

Hear now. And always

WELCOME

The Cochlear™ Nucleus Product Catalog lists components and accessories that are available for the Cochlear Nucleus Series of Implants and Sound Processors. This catalog includes products that can be ordered by cochlear implant recipients and their carers.

To order items in this product catalog please contact your clinic or nearest Cochlear office.

Please note that:

- Images shown are not actual size.
- Products are available as single items only, unless otherwise stated.
- Products shown in this catalog might not be available in all countries and configurations or product specifications may vary.

The statements made in this guide are believed to be true and correct as of the date of publication. However, specifications are subject to change without notice.

Hear now. And always

As the global leader in implantable hearing solutions, Cochlear is dedicated to bringing the gift of sound to people with moderate to profound hearing loss. We have helped over 350,000 people of all ages live full and active lives by reconnecting them with family, friends and community.

We give our recipients the best lifelong hearing experience and access to innovative future technologies. For our professional partners, we offer the industry's largest clinical, research and support networks.

That's why more people choose Cochlear than any other hearing implant company.
